BRIEF ABSTRACT OF LETTER.

States that the original estimate for the water supply to Mangungud town has been revised with a view to extend the water supply to the extension of the town and to meet the cost of other items found necessary during execution and requests to be informed of the ways & means by which the extra expenditure of Rs 17,393 is to be met.

NOTES AND ORDERS

The main cause for the excess is the proposed extension of water supply to Mangungud extension. It is stated in the report that the estimate was revised under the orders of the Superintending Engineer. It is not clear whether

his extra provision was made at the instance of the Municipality. The extra cost together with the charges on account of Establishment & Tools & Plant will have to be met from Municipal funds. Draft calling for the votes of the Municipal Council is put up (2) Neither the original R.P. estimate for Rs 35,653 nor 22.1.16 the present revised estimate seems to provide for additional charges on account of "Establishment Tools and Plant". It is however being provided for in the Nanjangud Municipal Budget (vide page 3)

The draft may be approved (3) Sup^d for perusal before above

The Deputy Commr Mysore Dt
No 547 dated 4th Mar 1916

Reports that the municipal council of Nanjangud are appreciable to the excess outlay involved by the revision of the estimate ^{but} and plead inability to meet the entire additional cost and therefore request that a contribution of Rs 5000 may be given from temple funds.

(5) The Deputy Commr states that the temple can ill afford to spare any sum towards the water supply scheme. It has now contributed Rs. 10,000/- May the Muzrai branch be consulted in the matter or the Chief Surgeon be informed that the extra cost will be made available from municipal funds and the municipality asked to provide the additional funds in the budget for 1916-17 if the ~~same~~ amount can not be made available during the current year ^{Subsidiary}.

~~6) The financial condition of the mubky~~
for the current year as per sanctioned budget is shown below

- (14) This file may be submitted to the Director
The important principle involved is
to that extent these revised estimates
costing such a large % the % are
to be allowed to be submitted at the
last moment when no discussion have
taken place to find the money
(15) It is all very well for the % to
agree to the % but - but they are not
able to find all the money required
(16) In all such cases should be necessary
to definitely lay down that when a doc
% is found necessary, govt authority
should be forthwith obtained to submit
a revised %
(17) It does not appear that the % due
when the % is reported to of a
a year ago -
(18) There is no go in the first
sanctioning the revised % before
that is sanctioned. I presume there
any % can issue in the
the Dept -
(19) If the % can find the
money, the % may not
all they are able to do so

(30) The excess of Rs.17393 over the sanctioned estimates amounting to Rs.35,653 seems to be due to (1) alterations and modifications in the estimates and (2) to the fresh provision for water supply to the extension amounting to Rs.10,745. The excess on the first item is more or less inevitable and may be sanctioned, the extra charge being met from the same sources as the amount involved in the original estimate.

(31) The question of the water supply to the new extension should not have been mixed up with this estimate.

(32) If it is necessary, ^{the extension scheme} it should be treated as a separate project and put in hand only when the Municipality is able to find the money.

Secretary to Government,

General Department, Bangalore.

Sir,

I have the honour to state that an estimate for providing water supply to the town of Nanjungud amounting to Rs.35,653 was sanctioned by Government in their order No. 8867-72/M.L.267-07-116 dated the 2nd May 1913. It was also therein ordered that a portion of this cost, viz, Rs.10,000 was to be met from the temple funds, the balance of - - - Rs.25,653 being met by the municipality.

2. A revised estimate for the water supply to the extension of the Nanjungud town also and for other items found necessary while executing the work, has now been prepared and is forwarded herewith. It amounts to Rs.53,046 and the works provided in this estimate are quite necessary. The revised estimate amount exceeds the sanctioned amount by Rs.17,393.

Sir,

With reference to your letter No 5471-M1 182-15-2 dated 29th January 1916 calling for the views of the Municipal Council of Nanjangud in the matter of meeting the excess outlay of Rs 17393 connected with the water supply project for the Nanjangud Town, I have the honor to enclose herein a copy of the Council's resolution together with that of letter No 348 dated 25th February 1916 from the President of the Municipal Council. It will be seen from the above that the Council are agreeable to the excess outlay and that they express their inability to meet the entire additional cost of Rs 17393 as well as the charges for "Establishment" and "Tools and Plant" at the usual rate of 17½ and ½ per cent respectively aggregating to Rs 3131/-. The council have therefore proposed that a sum of Rs 5000/- be paid from the funds of the Sree Prekantesvara swami temple towards the above additional expenditure amounting in all to Rs 20524/- the balance being debited to Municipal funds. The Municipal quota of the cost will have to be debited to the closing balance by an additional grant to the Municipality in the current year. The temple has no funds to spare for this purpose. The repairs of jewels have been sanctioned. Good work for Teppotsava are necessary. Revised estimates for repairs of the building have been received. Arrears of Kandayam to the extent of nearly Rs 6000 have to be paid, and many other items of work-
